Staff Reports June 2023

Tonya Sprenkle Grant/Special Project Manager

MOBEC Grant

The 3rd year grant for \$50,000 is active as of April 1. This grant supports staffing, equipment for entrepreneurial support, and Phase 2 of Chamber Academy. The equipment portion will allow for additional purchases and upgrades to conference spaces and network equipment. Phase 2 Chamber Academy provides funding for the next stage of development of the software to make it marketable. We need to seek a qualified programmer for this work on a short-term contract.

ATTC

We have been in discussions with Crowder College about the potential of Crowder acquiring the ATTC after grant commitments are all met by the Chamber. Chamber's Foundation board will be activated to review and approve actions as needed.

Travel Program

I've been exploring a Chamber travel program that would provide the Chamber with a non-dues revenue opportunity. We have a choice of many destinations with Ireland being one of the most popular. Max travelers are considered 38 people. Most trip options are \$3,000 and up depending on location and length of trip.

Retirement

As I wind down my time at the Chamber some of my duties are being shifted to other team members. Travis and I are working closely to decide which duties I'll retain and who is assigned other duties while trying to make this as smooth a transition as possible.
