Board Strategic Committee Community Leadership October 25, 2023

Attending: Matt Stewart, Lance Hoopai, John Hunter

Staff: Stephanie McGrew

Chair: John Hunter Co-Chair: Lance Hoopai

Notetaker: Stephanie McGrew

Discussion:

- Leadership Joplin is strongly focusing on leadership and community service.
- Make professionally produced video of the service project to keep on the website.
- The Chamber is a proxy for business.
- Gather data by surveying the Leadership Joplin class after graduation.
- Overall goal is to present opportunities to develop leaders. Survey members and ask:
 - What is the need for leadership programs
 - Ways to address those needs
 - Would you be interested in a Chamber leadership program
 - How do you identify leaders and rank the values of leaders including service and communication. Select your responses
- What area are we missing. We have leadership for high school seniors, TLT and then business
 professionals, Leadership Joplin. We are missing the college segment and a level above
 Leadership Joplin. Possibly challenge MSSU and Crowder to offer leadership programs.
- Business mentors.

Subject: Livability Committee

All, here are our notes from today. Thanks for the great discussion!

I. Goal of today's meeting is to establish a mission and KPI's.

- II. Mission -
 - 1. Community Service The Chamber promotes community service and encourages Accountability, Growth, Awareness, Visibility and Engagement of business and the community (AGAVE.)
 - KPI 1 get data on what types of service activities/giving our businesses are looking for. Obtain this data from at least 7% of survey respondents.
 - b. KPI 2 Once we have the data, seek to match up businesses with Gives Back or other service projects to have 2 new businesses participate in a Gives Back activity over the next quarter.
 - c. **Notes:** The Chamber already has KPIs and service hour goals within the work group. Is there anything we can do to help them meet their KPI's? See Board Members signing up and volunteering. Can we help spread the word for Giving Tuesday push for board members to show up? Push to general membership for attending that? Could we find out more about what types of activities our member businesses are looking for.
 - 2. Coalitions & Collaboration Provide connections and support for the nonprofit community that works to improve livability.
 - a. KPI 1 Make sure we have links to valid local calendars on the Chamber website and Choose Joplin website.
 - b. KPI 2 Compare our list of nonprofit chamber members with a list of known nonprofits that are not chamber members, and make a plan on getting them. Goal of 3 new not for profits as chamber members over the next quarter.
 - c. Notes from discussion with Nicole Brown: We have primarily relied on Facebook and shared other organization's events as a centralized platform. There have been challenges with reach though due to changes to the logarithms. The Healthy Joplin website has an event calendar that individuals can submit events to pretty easily. We are in the process of revamping the One Joplin Website and merging with the Healthy Joplin Site. I will definitely add the calendar to our priority list as we move forward with the merge. We could use your team's help with ideas to drive traffic to the site and encourage usage. Erin and I have also brainstormed making a Facebook group for One Joplin/Healthy Joplin as that allows individuals to post their events and updates on their own.

- d. **Notes from Meeting:** The Choose Joplin App pulls in data from several different community calendars. If we can link it out to where Choose Joplin and Downtown Joplin go to the same calendar, we need to identify who those admins are (i.e., Erin, Lori, and Emily).
- 3. Sustainability Market the strength and sustainability of our community's workforce, education, infrastructure, trails, and other resources.
 - a. KPI Develop a template for a New Resident packet and instructions on where employers can obtain the inserts/brochures. Take the Choose Joplin "newcomers" page and put that on paper in a packet. This is in the app, but it's in a different spot. Goal is to have it ready to share out by the end of January 2024.
 - b. KPI Take a picture of 5 spots that need improvement. Ask how these spots might be improved.
 - c. Notes from Meeting: Erin worked with Freeman and talked about new employees and the potential for pairing them with ambassadors who can show them around the community. Downtown Joplin is looking at giving them a new resident packet. Maybe there's a template for new residents welcome, and choose Joplin has a flyer that should go in there here's what's recommended for what goes into your packet. Here are brochures from what's going on in the community. Realtors could use it, too.

3. Questions for Survey

- 1. Do we think business members are being asked to be part of community service events? Would business members like more information about nonprofit service opportunities? Do businesses require or encourage their employees to volunteer for community service activities? Do they provide PTO or other benefits or incentives to allow employees to volunteer without losing pay.
- 2. Which of our businesses have a giving policy with specific requirements or targets or types of projects they are looking for? If so, we'd like to know what types of groups or activities they are looking for, and then we can provide that feedback to Gives Back workgroup, and they can use that information to select activities that match with corporate giving and service goals.
- 3. Ask membership/general public how they find out about events and goings on in and around Joplin.
- 4. Would you be interested in sponsoring a not for profit's Chamber membership fee?
- 5. Can we ask not for profits what their needs are (other than people and money obviously). Do they have needs for training how to do a press release? Lunch and learns?
- 6. Sustainability: What would improve the quality of your life in Joplin?
 - I. More sidewalks
 - II. More trails
 - III. Improve the traffic
 - IV. Housing

- V. More economic opportunities
- VI. More parks/green spaces
- VII. Other: _____

Chamber "Serve Business" Committee Meeting

Location: JACC Downstream Room

Date/Time: Monday, October 23rd, 2023 at 12:00 pm

In attendance: Chad Evans, Jordan Bolinger, Doug Hunt, Reggie Powers, Kim Cox

Discussion of goal: To grow membership (8%) and increase participation by membership through resources and relationships.

Discussed current "member touch" of Chamber reaching out annually to each member in person. This is usually done around annual dues billing time. A new process has also been put in place to have the staff split up the entire membership and each of them call their list of members on the same day. This is a second "member touch".

We do understand that you only get out of your Chamber membership what you put into it by participating in events, utilizing available products or reaching out to the staff for specific needs.

3 "Pillars" of the committee: 1. Expertise, 2. Networking, 3. Advocacy

1. Expertise-

As defined in the document, expertise means to develop and deliver educational programs.

- -Do we know which programs are best utilized?
- -Do we know what gaps there are in what we offer vs. what members want?
- -Have we tried different times of day, formats, in-person, virtual?
- -different locations?
- -live vs. "self study"

2. Networking-

- -do we know who/what members want to meet?
- -are we engaging them early in the process (on-boarding program)?
- -Do we know which events are most used?
- -Do we know what they would like to see?
- -could we evaluate industry specific events?
- -Evaluate which to keep and which may be ready to be dropped?
- -locations, times, venues, etc

Advocacy-

- We need to enhance our ability to consult on the front end of decisions being made so that we can have a more proactive role, instead of always having to be reactive to things already done.
- -how do we effectively become the link between JPL and Jeff City? Is that necessary?
- -Could we do some kind of newsletter during session? (these are available from outside sources, including state chamber)
- -host events with elected officials?
- -candidate forums?
- -Need is mostly local
 - -council decisions
 - -city planning decisions

How do we become a valued business partner with the city so that our thoughts/opinions are solicited in advance of decisions?

This becomes a powerful example of value for our members.

Joplin Area Chamber of Commerce Talent and Industry Committee October 23, 2023

Attendees: Betsy Kissel, Dr. Dean Van Galen, Dustin Storm.

Absent: Ben McNelly, Jeremy Drinkwitz, Travis Stephens.

Dr. Van Galen, Betsy, and Dustin began the meeting reviewing notes from Mattie Crossland and answering the questions concerning the mission statement, goals, and KPIs.

The mission statement of the Talent and Industry Committee is, "We enhance Joplin by attracting and growing talent and businesses."

The first order of operation and focus for the Talent and Industry committee is the inventory section with the goal of collecting data and discovering what data exists currently. The committee concluded that surveys and audits would be beneficial for data collecting and are aware that Travis has four surveys already started that the group will review, edit, and add pertinent questions to get a better idea of current and future business workforce needs. Dustin stated that the answers to the surveys can lead to a better understanding of the market and underscore questions to add to follow up surveys. Dr. Van Galen added that the data gathering from surveys can help the group formulate the agenda and central topics for the industry specific mini summits.

Currently, the KPI is engagement in surveys, audits, and conversations surrounding answers to the surveys while in the audit phase although the group shares that the KPIs will change over time. Those KPIs, although not fully determined yet, will include issues that were solved, resources that were utilized, and programs that the group was able to connect to grant funding.
